## Are You Ready For New Life On A New Earth?

My name is Judy Satori. I am from New Zealand, or as I call my homeland, New 'Ze' Land, the place of the New Light. I am a just an ordinary person, but I have been trained by Spirit over the past 12 years to do an extraordinary and unique job. My purpose is to transmit through my hands and voice very fast frequencies of sound and light in the form of Light Language to prepare the body physically to recalibrate to handle the faster pulsating fifth dimensional energies of a New Earth. The Earth is already moving through an ascension cycle. As we near the end of a 25,920 year cycle of "Great Time" the Earth and indeed our entire galaxy is poised for change.

There are no mistakes. This is not a chance happening. I believe that metaphysically these signs are part of a Divine Plan, an evolutionary upgrade for the Earth and her people and that we too must be prepared for energy change. I am told that our energy anatomy and physical body must be recalibrated to physically hold the new vibration. **My website [www.TheSoundOfLight.com](http://www.TheSoundOfLight.com) has many free audios and activations.** These can be listened to and downloaded as Mp3's to help you move more gracefully through this time of transition. The audio tracks assist with karmic clearing, releasing sabotaging thoughts and beliefs, chakra balancing, opening the heart into greater love and with preparation for merging into more of your soul self. **I invite you to experience the new energies of recreation in person at my events in Toronto. A suggested contribution is \$10 (lecture) and \$33 (three hour energy activation and information event). In today's economic climate I want to ensure that all people are able to take advantage of this work of Spirit.**
